CAPABILITIES

Everything a part needs, under one roof.

01

High pressure & gravity die casting

- **19 HPDC**, 180–900 T (YIZUMI, Haitian)
- Casting weight **0.010 kg to 3.5 kg**
- **1 tilting GDC**, castings up to 16 kg

02

CNC machining

- **42 CNC** turning, up to Ø350 mm
- **52 VMCs** (Brother, Fanuc, AMS & more)
- **10 robotic** automation cells, honing
- Castings, bar-route & forged parts in steel and aluminium

03

Shot blasting & powder coating

- **6 shot blasting**, 2 vibro, 2 stress relieving
- SCADA-controlled pre-treatment
- **2 powder-coating** facilities
- Capacity **6 lakh components / month**

04

Leak testing & assembly

- **18 leak testing** machines (15 air, 3 water)
- **13 assembly presses**, built per part
- Tested sub-assemblies supplied to OEMs

05

Inspection & testing

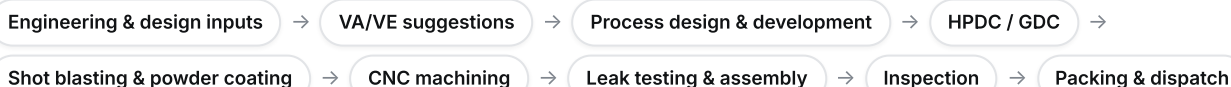

- **Zeiss CMM**, ATQ vision measuring machine
- Spectrometer, UTM, hardness & roughness testers
- Profile projector, Trimos height gauge

06

Packaging & export logistics

- Customer and export-standard packing
- Shipped from Pune through **Mumbai Port**
- Customers in India and overseas
